HOW MPC PRICES ARE INCREASING AND DECREASING

**MPAY
TRADE**

This is a basic economic principle. If a MPC has high token supply with little demand from traders and users, then the MPC value will drop. Conversely, if the supply of a particular MPC is limited and the demand is high, then the value of the coin will increase .

WELCOME TO OUR BUSINESS PLAN

**MPAY
TRADE**

- ROYALTEY
- DIRECT INCOME
- UPGRADE INCOME
- AUTO POOL INCOME
- LEVEL INCOME
